*Serving the needs of children*

## **HISTORY**

In 2006 the vision for this outreach was born when we met a three-year-old Palestinian girl named Jumanah, who was fighting leukemia. Jumanah's name is Arabic for "silver pearl," and her little life was truly a "pearl of great value"

Upon learning of the difficulties Palestinian families can face in finding access to even basic health care, we helped to raise money and awareness for Jumanah's medical treatment. We also witnessed firsthand what a powerful sign of God's love this was for her entire family.

## **THE NEED**

Congenital heart disease (CHD) causes the death of thousands of children in developing countries each year. Eight out of every 1000 live births around the world have some form of CHD.

While vast resources have been expended in the West to treat these children, most developing world countries lack a comparable infrastructure.

## **WHAT WE DO**

We facilitate the children's travel to Israeli hospitals, and help offset the cost of the surgery. There are many who volunteer their time and expertise, but the costs of the operation room,

equipment, the medication, the anesthesia, as well as the transportation costs of the child, have to be covered.

## **OUR GOAL**

It is our desire to sponsor two children per month for open heart surgery and to help facilitate their travel to Wolfson Medical Center. As we build relationships with these children and their families they are able to see our hearts and we have the opportunity to watch new life begin through the physical changes a lifesaving heart surgery brings.

## **WHAT YOU CAN DO**

The most important thing you can do to help us in this work is to pray for us. Pray that we would be able to meet the practical, spiritual and emotional needs of the families we serve.

We also need sponsorship for each child's open heart surgery which is \$5,000. If you, your church, your group or organization are interested in sponsoring a child, please contact us or visit our website for more information. All sponsored children receive treatment free of charge.

We invite you to come visit us and to catch God's vision for healing hearts; one child, one family, one heart at a time.
